

# PHARMA LUNCH

27. November 2015, Basel

We are happy to inform you about the Pharma Lunch with a Grace Syloid presentation which will take place on the 27th of November in Basel. It is organised by SAPHs (Swiss Academy of Pharmaceutical Sciences).

Because the topics of the short presentation are rather specific and detailed, Grace and IMPAG are showing an additional general presentation of Grace Syloid Silica Gels in the morning. There is also an opportunity to ask questions directly to the expert.

## Morning presentation, organised by IMPAG

- 10.00 am general presentation Grace Syloid Silica Gels
- Syloid AL1 FP for moisture protection of API
  - Syloid XDP for transforming liquids into solids
  - Syloid 244 FP in 2 step glidant mixing, film coatings, physical stability, etc.

- 11.00 am opportunity to ask questions about the presentation, products or current projects

## Lunch presentation, organised by SAPHs

- 12.15 pm short presentation about «Mesoporous Silica in the field of Drug Delivery»:
- *LiquiSolid Strategy: Reasons for incomplete desorption of liquids out of solid carriers – How can we avoid. Latest findings.*
  - *Solvent based amorphisation strategy: Ordered Mesoporous Silica vs. Non-Ordered Mesoporous Silica (SilSol™ 6)*
  - *Dry (Solvent Free) amorphisation strategy: Mechanistic understanding (Latest findings in partnership with Prof. Rades)*

approx. 12.45 Lunch (on your own expenses) The participation is also possible without lunch, please make a note when registering.
