

Experience science.
Our passion since 1974.

Register now for Evonik Health Care's 2016 workshops.

Evonik. Power to create.

EVONIK
INDUSTRIES

Dear Readers,

Our first coating course for EUDRAGIT® customers dates back to 1974.

For over 40 years, we have supported our partners by sharing our knowledge of the latest developments in drug delivery systems and functional medical devices.

Our seminars, workshops and online trainings provide scientific lectures on relevant application topics. They are conducted by Evonik specialists, as well as external experts from industry and academia. In hands-on lab sessions, we bridge pharmaceutical knowledge of concrete applications with practical demonstrations.

Please join us – we look forward to seeing you soon!

Your team from

Evonik Health Care

Details and registration

Please find details of the seminar programs at

www.evonik.com/e-lab

To enroll, go to the “Workshop Cockpit” tab. By registering, you will enjoy added benefits such as status updates, exclusive workshop material and photos of the visited event.

In the e-Lab you will also find helpful tools and information, including our Coating Calculator, the online version of the EUDRAGIT® Application Guidelines and our latest scientific publications.
